2023 CAPABILITIES

CORPORATE MEETINGS & CONFERENCES:

Corporate AV has spent years traveling the country supporting meetings and events for our Fortune 1000 clients. We represent their best interests in every venue, are prepared for last minute changes, and know that it has to be right – every time. Town Halls, National Sales Meetings, New Product Launches, Investor Meetings, and more.

HOSPITALS & HEALTHCARE:

We've worked with our hospital and healthcare community for years, and have developed excellent anticipation to their needs. We understand the attention to detail, how critical communication is, and how budgets vary depending on the department and need. We're in it for the long term, and partner with our healthcare community the way they partner with their clients. Board Meetings, Fundraising Dinners, CME Conferences, and more.

NONPROFIT ORGANIZATIONS:

For years, Corporate AV has chosen to specialize in serving nonprofits due to their relationship with the communities and their unique relationship with events. We understand the objectives of fundraising, spreading the word of your services, and of helping your neighbor. We also understand budgets, working with volunteers, and know how critical technical production is for your events. Gala Dinners, Outdoor Walks, Silent and Live Auctions, Video Production, and more.

Live

SPECIALTIES

PARTNER MENTALITY

We're in it for the long term, and our goal is simple:

to be your trusted event partner.

We know your name, preferences, and expectations, and we always answer the phone - no voicemail carousel - to get you what you need, when you need it.

SERVICES

2023 CAPABILITIES

ZOOM MANAGEMENT:

Our team can step in to elevate any Zoom event. Whether it's a meeting or a webinar, we can help you deliver a smooth, professional program for any audience. Our tiered offerings allow us to raise the bar as high as you want to go, from basic functionality to full broadcast production - all inside a tool that your audiences already know and love.

NONPROFIT FUNDRAISERS:

Our team at onlinegalas.com has perfected the Virtual Fundraiser. Starting in April of 2020, the Corporate AV Team has produced dozens of successful and profitable fundraising events. A website to host your event, and a high quality broadcast, all customized to your organization and event theme – our events have reimagined what a fundraiser can look like, and raised millions of dollars in the process.

CORPORATE CONFERENCES, TRADESHOW, & EXPOS:

We've partnered with Hopin due to its massive video infrastructure, and wide array of customization features. That means your event can have multiple tracks of content, breakout rooms, exhibit areas, networking and more whether you have 200 attendees, or 20,000!

Virtual | SPECIALTIES

Full service or a-la-carte - we quickly identify and fill any voids in the production plan to make producing an award-winning virtual event a seamless experience.

EVERY EVENT IS UNIQUE, AND EVERY CLIENT HAS DIFFERENT NEEDS.

Our staff members step into whatever role you need us to. From in-person, to virtual and hybrid, our commitment to consistently positive event experiences remains the same, and it's why we pride ourselves on our 99.5% event success rate over the last 5 years.

We are a dynamic group of professionals that enjoy what we we do and are proud to deliver Success You Hear and Results You See™.

Our Team

1

AWARD WINNING

Corporate AV is an award winning specialist in live and virtual event productions. Our team is proud to have received the Business Council of Westchester's Hall of Fame Award; the Westchester County Association's Apex Award; 914Inc's Best of Business Award 2019, 2020, 2021, & 2022; 914Inc's General Excellence Award; and MPI Westfield's Supplier Award. We've been featured in many of the industry's trade magazines and local media, and are frequently asked to speak or comment on behalf of our industry and business.

2

INNOVATIVE

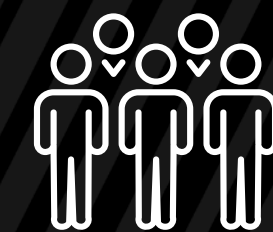

Since 2013, we have created and hosted a free training program for audiovisual technicians called Pirate University. This training has continuously grown and brought our full time and part time technicians new skills, new technology, and new thinking. Unlike the rest of the industry, we do not just focus on technology. We focus on solutions. We cover customer service, on-site leadership, and project management as well. That's why our team has a 99.6% Success Rate, and why we have so many long term relationships with our clients.

3

DEDICATED

No organization should forget about the community that they work in. Our team is no exception. Corporate AV has supported the Westchester Community since 2006 with a committed passion. We not only provide technical solutions to our nonprofit clients, but we've hosted events and raised money each year for a few specific charities. We don't just work in our community; we live and raise our families there as well.
